HILDA LORINE JUNGMAN NOW A GRADUATE NURSE.

In very impressive commencement exercises, held at the First Methodist Church in Corpus Christi Sunday night, Miss Hilda Lorine Jungman, daughter of Mr. and Mrs. Paul Jungman of LaCoste, and three classmates were graduated with honors from the Fred Roberts Hospital in that city. Rev. Sloan L. Batchelor delivered the address to the class. His theme was the "Call of the Second Mile" in which he urged the young graduates to continue their pursuit of knowledge in their everyday life. A picture of the graduating class, together with the nursing staff of the hospital, appeared in Sunday's issue of the Corpus Christi Caller. Graduates include Hilda Lorine Jungman, LaCoste; Rose A. Godbout, Margaret Scott and Jewel Grant Hobson, Corpus Christi.

Mr. and Mrs. Paul Jungman and son, Walter, and Mrs. Alex Jungman and son, Bernard, from LaCoste, attended the graduating exercises and visited over the week-end at Corpus Christi. Miss Hilda Lorine Jungman has completed a three year course in the nursing school and this week will go to Houston for her state examination, after which she will be employed for a time in the Fred Roberts hospital at Corpus Christi.

"GHOST TOWN GOLD" IS ACTION-PACKED LAUGH SENSATION.

One of the most unusual Western action pictures ever unrolled on the screen, "Ghost Town Gold," will be shown to an enthusiastic audience at the Colonial Theatre Friday, Saturday and Sunday. Republic Studios in presenting the second of their "Three Mesquiteers" series, Bob Livingston, Ray Corrigan, and Max Terhune, have chosen the interesting location of a deserted mining town for most of the exciting action.

The "Three Mesquiteers," drifting into a Texas cowtown in the period when the West was wild, use both their heads and their guns to solve a strange bank robbery. They trace the stolen money to the abandoned mining shafts and deserted buildings of the ghost town where they find an eccentric character, ably played by Melburn Morante, as the master of the town and its mystery. A spectacular and exciting gun battle takes place between cowpunchers and the western outlaws in and around the decaying buildings. Lovely Kay Hughes proved a notable addition to the picture's exceptional entertainment value.

NEW FOUNTAIN W. M. S.

The New Fountain Women's Missionary Society met in its regular meeting at the home of Mrs. Fritz Bohmfalk, May 19, 1937. The following interesting program was rendered.

Opening thought by leader, Mrs. Jacob Schweers: "There are many glories in the religion of Jesus Christ, and it can do many services for men; but its crowning glory or rather the sum of its glory, is its God, Christianity has such a conception of God as no other religion has attained; and, what is more, it proclaims and brings to pass such an experience of God as humanity has never elsewhere known. It is in this that we find that superiority which entitles Christianity to offer itself to all mankind."

Song: The Kingdom is Coming;
Paper, Topic: "Building the Church around the World", by Mrs. H. C. Muench.

Worship and Meditation thoughts by leader.

"Breathe on me, Breath of God,
Fill me with life anew,
That I may love what Thou dost love,
And do what Thou wouldst do."

Breathe on me, Breath of God,
Till I am wholly Thine,
Till all this earthly part of me
Glow with Thy fire divine.

Breathe on me, Breath of God,
Until my heart is pure,
Until with Thee I will one will,
To do and to endure.

Breathe on me, Breath of God,
So shall I never die,
But live with Thee the perfect life
Of Thine eternity."

Facts of Korea, by Mrs. R. Paine.
Poem-prayer by leader:

"Come, O Lord, like morning sunlight,
Making all life new and free;
For the daily task and challenge
May we rise renewed in Thee.

Come, O Lord, like ocean flood-tides,
Flowing inland from the sea;
As the waters fill the shallows,
May our souls be filled with Thee."

Scripture: Acts 2:1-25, 36-47, by Mrs. Fritz Stiegler.
Paper, topic: "Brazil and Mexico", by Mrs. Robert Riff.

Meditation: "The Re-Experience of Pentecost", by Mrs. T. J. Wiemers.

MARINE PICTURE CRAMMED FULL OF ADVENTURE.

A gigantic span of adventure is offered in "Join the Marines," Republic's action-loaded, hilarious production which begins with action on the Atlantic and concludes with adventure on the Pacific.

"Join the Marines" shows at the Colonial Theatre Monday and Tuesday.

Paul Kelly, June Travis, Purnell Pratt, Reginald Denny, and Warren Hymen, a quintuplet of outstanding entertainers, have leading roles in the fast-moving tale of an Olympic athlete who is turned down by his sweetheart first for joining the marines and then for resigning from the marines.

How Kelly saves the Marine base on wild Maragna Island in the mid-Pacific and finally wins the hand of Miss Travis forms an entertaining conclusion.

Monday, May 24, 1937.

(Federal-State Market News Serv.)

The volume of syrup making from sorghums was greatly increased in Texas last year, and 1,372 farmers planted 6,864 acres to various types of sweet sorghum from which they made 265,525 gallons of syrup valued at almost \$150,000. Negroes to the number of 1,113 devoted

3,365 acres to sweet sorghum from which they made 144,210 gallons of syrup valued at more than \$75,000. Ribbon cane for syrup was planted under the supervision of county agricultural agents in 258 cases, involving 941 acres. Improved methods of syrup making were used in the production of 58,394 gallons of ribbon cane syrup representing a return of \$32,000. Ribbon cane for syrup was planted by 148 negro demonstrators who made 21,470 gallons, valued at more than \$12,000.

Every lover of peace and order must commend Governor Allred's announcement that such lawlessness as that now disgracing the sovereign state of Michigan in the form of the sit-down strike will not be tolerated in Texas. At the same time it is a sad commentary on the present state of the union when the governor of a state must issue a public warning against an invasion of trouble-making.

C. W. GILLIAM & SONS STRIKE OIL.

Our fellow townsman, Claud W. Gilliam, is being congratulated on the bringing in of an oil well on the Zavala county ranch belonging to him and his sons.

The well was brought in Sunday evening, May 16th, about seven o'clock P. M., about six miles from Batesville. The output has been reported as 2800 barrels per 12-hour period.

The H. F. Wilcox Oil and Gas Company, which has opened a number of oil fields and has been trying for some time to make a strike on this Zavala county land, are the operators.

The well is on a large block held by the company near Uvalde county line west of the Pearsall field.

The following was taken from the San Antonio Light:
The H. S. Wilcox No. 1 Gilliam, Zavala county wildcat, was hailed as a 5000-barrel well following three 30-minute tests Thursday.

The well, located six miles northeast of Batesville, yielded 95 barrels on its third test, an output of 4560 barrels for 24 hours.

The first test produced 50 barrels of 18 gravity oil at 80 degrees, while the second test yielded 85 barrels, according to reports from the field.

Those fortunate enough to attend the movie show sponsored by Gaines & Kellman Chevrolet Co. last Saturday night were treated to both an entertaining and instructive show.

Mr. and Mrs. Guenther Koch of Hondo are rejoicing over the arrival of their baby son, which occurred on Monday, May 24, 1937, at the Medina Hospital. The baby weighed 6 pounds, 6 ounces at birth.

H. W. Butts and family are enjoying a visit from Mr. Butts' brother-in-law, Dick Jones, of Goose Creek. Mr. Jones was in business in Hondo for a while some twenty-five or thirty years ago, and he is enjoying meeting his old friends.

Mr. and Mrs. P. C. Jagge and Mrs. H. V. Haass Sr., attended the graduation exercises at Lytle last Friday night. Mr. and Mrs. Jagge's niece, Miss Ethel Jagge, the daughter of Mr. and Mrs. Jul. J. Jagge of Castroville was one of the graduates.

Mr. Henry Reitzer was in town Monday wearing a smile. It wasn't because it had rained, however, but because he was here to meet his daughter, Miss Frieda Reitzer, who was coming home from San Antonio on her first vacation visit in six months.

Miss Jewel Dietrich of Austin is visiting Miss Eva Earnest this week.

Mr. and Mrs. H. H. Crow and Mr. and Mrs. V. Horace Crow and little daughter, Dooley, spent last week-end in Corpus Christi as guests of Mr. and Mrs. J. U. Sheppard, at their new home. Mrs. Sheppard will be remembered as Miss Dee Crow.

Mr. Webb of the Jefferson Life Insurance Co. of San Antonio was here this week, learning how their local agent, H. F. King, does it! Mr. King was one of the company's champion salesmen last year, making a record that earned him a vacation trip to Mexico. Who wouldn't like to learn his sales methods?

During this week, Saturday, June 5th to 12th, the Nyal Service Drug Stores from coast to coast, join in a gigantic celebration of NYAL'S THIRTY-SEVENTH BIRTHDAY. As a mark of appreciation for almost two decades of your patronage, Nyal Drug Stores bring you a genuine BARGAIN SALE GO TO WINDROW'S.

Irving Honnegger, member of the first graduating class of Hondo High School, "away back yonder", was up from Houston on business in San Antonio and took time off to run out for the graduation exercises of his alma mater Tuesday night and remained over to renew acquaintance with his fellow "old timers" at the Fort Lincoln celebration Wednesday.

Mr. and Mrs. Ben Oefinger and Mrs. Will Muennink and daughters, Susie and Laura Ann, went to Kerrville Tuesday where they attended the graduation exercises at Schreiner Institute. Ted Dawson, Hondo High School graduate, was among the cadets completing the two-year course at Schreiner Institute. He and Carroll Jones left Wednesday for Longview where they will work in the oil fields prior to entering Texas University next fall. The other Hondo boys at Schreiner, Kyle Muennink, Benny Oefinger, and Ralph Noonan, arrived home Wednesday for the summer vacation.

ST. PAUL'S LUTHERAN CHURCH.

"Thou shalt have no other gods before Me." One day a man versed in the Law asked Jesus, "Master, which is the great commandment in the law?" Jesus answered in unmistakable terms: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." Matt. 22, 37. No one can say he has kept the Law until he has loved God with the whole man, with the entire intellect, with the entire affections and emotions, with every desire and will. Only then can he fulfill the other which is like unto it, only then can he love his neighbor as himself. Who can boast of the first? Only One, who demonstrated how this commandment is to be kept, God's Son, who gave Himself for man, who cannot keep the Law, and thus fulfilled the whole Law.

A professor illustrated the importance of the first commandment by turning to the blackboard, on which he placed nine ciphers in a row. "These," he said, "are the nine commandments beginning with the second one. Then he added a figure 'one' before these ciphers and said: "This one is the first commandment. It gives value to all the rest." All others depend upon the first, to love God above all things. When we truly accept Christ as our Savior, we love Him because He first loved us, and the Holy Spirit enables the "twice-born" men to love more and more as they ought.

The program of worship next Sunday is as follows: German service at 10:30 A. M.; English service at 8:00 P. M. Sunday school and Bible classes meet at 9:00 A. M. On the first Sunday in June the summer schedule of services will begin with English service at 10:00 A. M.

On Wednesday, June 2, the Ladies Aid Society will meet at the home of Mrs. Ben Graff at 2:30 P. M. Final arrangements will be made for the cake sale to be held on Saturday, June 12th.

FACULTY MEMBERS WED.

The marriage of Miss Wilma Lucille Spratt and Mr. Clifford Douglas Sadler, members of the faculty of Hondo Public School, took place on Tuesday, May 25th, 1937, at Jourdanton, Texas. The bride wore a smartly tailored white shirtdress suit and a small off-the-face hat of white shirtdress. Her accessories were white and she carried a bouquet of pink rosebuds.

The marriage of the popular young couple is of wide interest here as they have made many friends since coming to Hondo to teach. Mrs. Sadler is the daughter of Mr. and Mrs. Fred D. Spratt of Fort Worth, Texas, and is a graduate of Texas Christian University. She is a member of Pi Gamma Mu, and is well known in musical circles. Mrs. Sadler was a former teacher in the Ft. Worth Public Schools, and during the past year has been a member of the Hondo Public School faculty as teacher of the fourth grade and as director of music.

The groom is the son of Mr. and Mrs. H. C. Sadler of Pigfoot Texas. He is the Vocational Agriculture teacher in the Hondo High School. Mr. Sadler is a graduate of the Texas College of Arts and Industries, and is president of the Texas Chapter of Alpha Tau Alpha, and has recently been appointed on the National Board of Directors for Alpha Tau Alpha. He is also a member of Alpha Chi, and is District F. E. A. Adviser.

After a short visit in Fort Worth, Texas, and a bridal trip to Monterey, Mexico, Mr. and Mrs. Sadler will make their home in Hondo, at the Pope apartments.

MR. DUBOSE GETS NEW COACH JOB.

Mr. William T. DuBose, head coach of the Hondo High athletic teams for the past two years, has been elected line coach at Nacogdoches High School, and will probably report for duty there next September. Mr. DuBose will be associated with Dutch Baumgarten, who is leaving Midland with a brilliant record. Baumgarten and DuBose played together three years at the University of Texas, and were members of the Southwest Conference Championship team of 1930. The position at Nacogdoches is an advancement professionally and financially for Mr. DuBose. Nacogdoches plays A Class football, and while their teams have not been so good in the past, they are stepping out in a big way from now on.

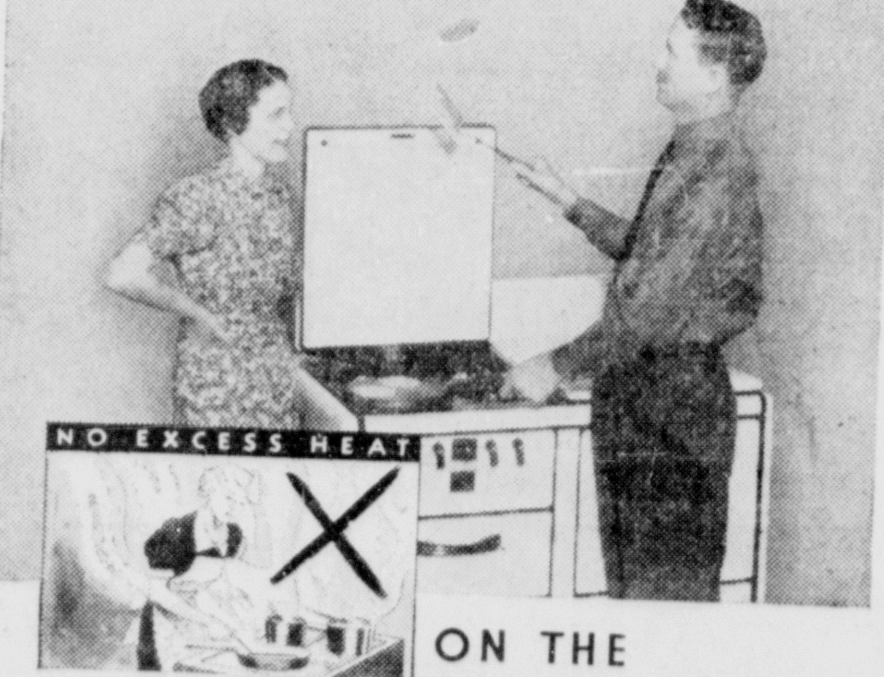

Mr. DuBose leaves Hondo with the well-wishes of both student body and town people. He has made many friends here, and his teams have been uniformly successful. Last season's football team lost the district championship by penetrations.

ARCHBISHOP VISITS HONDO PARISHES.

His Excellency, Most Reverend Arthur J. Drossaerts of the Archdiocese of San Antonio, was in Hondo Sunday, May 23, 1937, for the purpose of administering Confirmation in the parishes of St. John the Evangelist and Our Lady of Sorrows Churches. Assisting at the High Mass and at the confirmation were Rev. J. T. Lockwood of San Antonio, Rev. Dean J. Lenzen of Castroville, Rev. E. Zuber of D'Hanis, Rev. Joseph Schweller of LaCoste and Rev. F. Fellman, who is assistant to Father Paul Potgens, pastor of St. John's. At the morning services thirty boys and girls and several adults were confirmed in St. John's. In the afternoon the Archbishop confirmed 300 Mexicans in Our Lady of Sorrows Church.

His Excellency examined the boys and girls and he was well pleased with their training. The Choir of St. John's was also congratulated on its beautiful singing of the Mass.

F. F. A. ENTERS PARADE.

At the last regular meeting of the
F. F. A. it was decided that they
should have a float in the Fort Lin-
coln parade. A committee was ap-
pointed to fix the float.

The committee decorated a tract-
or pulling a trailer, in the middle of
which was a bale of hay where Miss
Wanda Redmond, sweetheart of the
Hondo F. F. A., was seated. In
front on top was the Hondo Future
Farmers of America banner. From
the back hung a saddle and around
the sides were bundles of oats. In
each corner of the trailer was seat-
ed one F. F. A. member. The tract-
or and trailer were decorated in
purple and gold, the F. F. A. colors.
The F. F. A. boys wish to thank
those citizens who helped make the
float effective and attractive.

The next regular meeting of the
F. F. A. will be at 8:00 P. M. Wed-
nesday, June 2nd, at the school-
house. All members be there if pos-
sible, for very important business.

Miss Annie Marie Saathoff, who
was to have graduated from Hondo

 ordeal successfully and is now well

Mrs. P. Jungman was paid a sur-
prise visit early Saturday morning by
Mrs. Benj. Moeur and her son, Benj.
Jr., who with Mrs. Moeur's sister and
husband, Mr. and Mrs. Dooley of
Brackettville, were passing through
town en route home from a visit in
San Antonio. Mrs. Moeur is the
widow of the late Governor Moeur
of Arizona who was a boyhood friend
of Mr. Jungman in the early days
when Hondo was a new town.

Hondo was a quiet place Wednes-
day, most business houses being closed
and many of our people celebrat-
ing with our D'Hanis neighbors. All
three of the Anvil Herald's editors
were there. We threw the burden of
reporting the celebration on our ca-
pable and accommodating local re-
porter and for the day as near as
possible forgot we were newspaper
folks and remembered only that we,
too, were just old-timers. When our
readers learn how well our reporter
responded to her obligation, by read-
ing her report in the D'Hanis section,
they will be glad, too, that we took
the day off.

Why is it we never get the breaks?
Just this week a gentleman called at
this office and asked about the pur-
chasing of a ranch. When we began
talking in terms of sections and
fractions thereof he wasn't interest-
ed—said he had \$200,000.00 to in-
vest and nothing less than a twenty-
or twenty-five thousand acre ranch
would interest him. When we
"came to", all of our best rehearsed
sales talk was completely knocked
out of us—and we found ourself
humming—we never sing—the once
popular refrain—"The only break
she ever got was away down in her
heart"! Now why couldn't we have
earned that \$10,000.00 commission!

QUIHI NOTES.

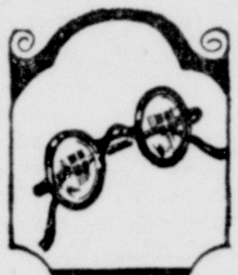

And Isaac went out to meditate in
the field at eventide; and he lifted
up his eyes, and saw, and, behold,
the camels were coming. Gen. 24: 63.

A word from the bridegroom.
Quite characteristic for the young
man. A fine habit, such a meditating
tour at eventide. When the task of
the day is done, the sun bidding his
day's farewell in purple and sunset
gold, giving the hovering cloudlets
the tinge and shape of fairyland, and
leaving a colorful, balmy reflex on
the quiet landscape, then to take a
lonely walk with yourself and your
thoughts, watching the progress in
growth since yesterday and yester-
night, and giving thanks to Him Who
is the author of growth and creative
development everywhere, since man
only does the watering and planting,
but He giveth growth and whatever
belongs to that mysterious process
that man cannot even explain, less
imitate. Peasants in the old country
made such eventide meditations in
the field an almost daily practice,
even on Sundays before church ser-
vice, and the heart was jubilant with
thanksgiving. We, today, take these
things for granted, seedtime and
harvest, growth and progress, often-
time taking the Lord to task, if He
is remiss in His duties, or slow in
discovering our wishes. Besides we
have little time for these old-fash-
ioned customs; we are in a hurry and
have more important matters to look
after. Really? And will we leave a
greater heirloom behind than the
old, slow-moving folks of bygone
days for whom the eventide was the
call to prayer, with the church bell
chiming in from some distant village
belfry? But Isaac, these days, had
another song and melody and prayer
in his heart. His heart had gone out
with the messenger and his mission.
He knew his dependability and faith-
fulness, but also the tremendous dif-
ficulties involved. The best man could
avail little for real happy success.
Facts and features were, obviously,
beyond man's planning and trying.
By all tokens, it was "a thing of the
Lord," and, we can be sure, his me-
ditations and prayers went up to Him
at eventide as ever so often before.
A praying bridegroom, what a rarity!
And, dimly in the distance, he can
make out the quaint figures of the
camels. Here comes the answer to his
prayers. Success, failure? His heart
flutters, his eyes are strained, but,
"Thy will be done." Then all is well.

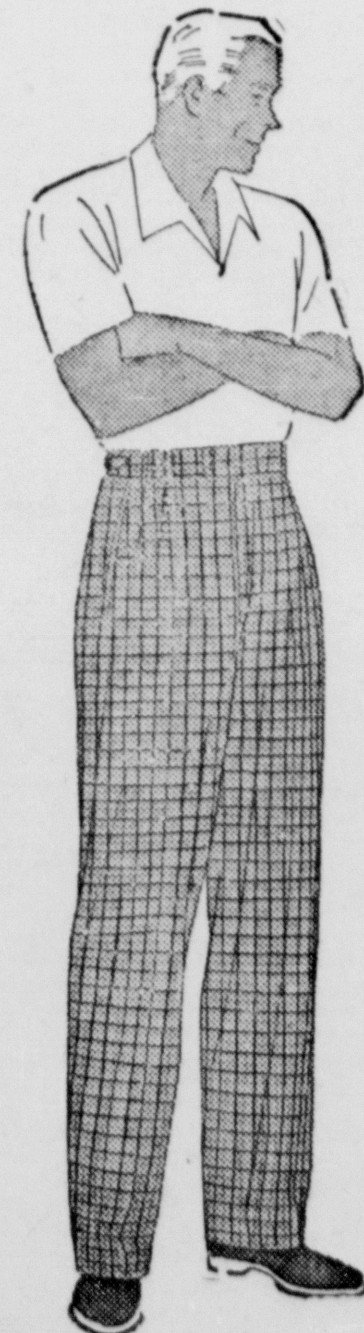

School work is almost a thing of
the past for this year. What has been
achieved? Has the time been well ap-
plied, fleeting, precious time? And the
large expenditures of money? Are the

Have the new ideas and thoughts
been transformed into life and char-

or graduation a mere formal closing
or a real step forward, a real step-

more abundant life? It is a hard and

receive their due consideration.

Next Sunday will be the Anniver-

There is occasion for sizing up the
purpose of such organizations and to
see whether the Lord gives ap-

more efficient. The Lord must give
the right spirit for the work. Thanks

VALDINA BARN DESTROYED BY FIRE.

A hollow tile barn, built in 1936
and valued at approximately \$50,-
000.00 on the Valdina Farms,
Woodward ranch, was destroyed by
fire of undetermined origin at 7:00
P. M. Saturday, May 22. The con-
flagration started in the second story
or hay loft and spread rapidly. At
the time of the fire the stable was
housing 24 highly-prized yearlings
and the 3-year-old star race horse,
Valdina, all of which were led to
safety. The loss of the building,
equipment and feeds kept in it is es-
timated at approximately \$55,000.
None of the stock quartered in the
stable was lost.

The yearlings are sired by such
well-known race stallions as Oscilla-
tor, Black Tony, Bag and Baggage,
Flying Ebony, Sir Galahad, Blue
Larkspur, Chance Shot, and Ariel.
The three-year-old, Valdina, was
purchased at the Saratoga sales in
August, 1935, as a yearling, by E.
F. Woodward, owner and operator of
Valdina Farms, a 17,000-acre ranch.
Earl Smith is the manager.

Mr. Woodward was here from his
home in Houston Tuesday to look
over the situation. It was intimated
that the structure will be rebuilt in
the near future.

Firestone TIRES GIVE YOU GREATER PROTECTION AGAINST SKIDDING AND BLOWOUTS

YOU will know the minute you see this tire why car owners
everywhere call it the greatest tire ever made to sell at these
low prices. The deeper, wider, flatter non-skid tread made of
tough, long wearing rubber will give you protection against
dangerous skidding.

But tires cannot be judged on tread alone. Under the tread
of Firestone Standard Tires are two extra layers of Gum-Dipped
cords. This Firestone patented construction feature binds the
tread and cord body into one inseparable unit. Every cotton fiber
in every cord in every ply is saturated and coated with pure
liquid rubber which counteracts the internal friction and heat
that ordinarily destroy tire life. This Firestone patented process
of Gum-Dipping gives greater
protection against
blowouts and is used
only in Firestone
Tires.

THAT last year highway
accidents cost the lives of
more than 38,000 men,
women and children?
THAT a million more
were injured?
THAT more than 40,000
of these deaths and
injuries were caused
directly by punctures,
blowouts and skidding
due to unsafe tires?

Van Devanter Quits Supreme Court and Robinson May Get Place—Cardinal Mundelein Enrages the Nazis—Windsor Marriage June 3.

By EDWARD W. PICKARD

© Western Newspaper Union.

ASSOCIATE JUSTICE WILLIS VAN DEVANTER notified President Roosevelt that he would retire from the Supreme court bench immediately after the summer adjournment of the court on June 1, and there were rumors in Washington that his example would be followed by Chief Justice Hughes and associate Justices Sutherland and Brandeis when the contest over the President's court enlargement program is settled.

Senator Robinson

Speculation as to Justice Van Devanter's successor began at once and it was generally agreed that Joseph Robinson, Democratic leader of the senate, had the best chance for the appointment. It was believed he had been promised the place at the first opportunity some time ago, and his many friends in both parties were quick to extend their best wishes. Of course there was talk of his ineligibility because of the recently enacted statute permitting Supreme court justices to retire on full pay for life. The Constitution provides that "no senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States which shall have been created or the emoluments whereof shall have been increased during such time." But several authorities declared this would not apply in the present case. Some observers believed that Robinson was so useful to the administration in the senate that Mr. Roosevelt would seek to be relieved of his alleged promise to give him the appointment.

Senator Lewis of Illinois predicted that by mid-summer Justices McReynolds, Sutherland, Cardozo and Brandeis would resign.

BY THE expected vote of 10 to 8 the senate judiciary committee rejected the President's Supreme court bill. The line-up of committee members had been certain for many days. Supporters of the measure then turned to compromise, some of them backing the proposal of Senator Logan of Kentucky permitting the appointment of "temporary" justices at the rate of one a year for every sitting member over seventy-five. The opponents of the bill, however, rejected this and all other compromises, which was the only consistent course they could pursue. So the bill was reported adversely to the senate, and the battle will continue in that body.

It appeared that neither this setback nor the retirement of Justice Van Devanter had changed the determination of the President to insist upon the passage of his bill as originally submitted. Senator Wheeler said Mr. Roosevelt should now withdraw the measure. Senator Ashurst declared "everything that has happened since the bill was introduced has helped it" and predicted it certainly would be passed. Senator Borah asserted: "The Van Devanter retirement will have no effect on the court bill. The lines have already been drawn and will not change."

CARDINAL MUNDELEIN of Chicago, addressing five hundred priests of the archdiocese, hotly attacked the German government, its highest leaders and its propaganda methods which he said were directed against the Roman Catholic church and designed to "take the children away from us." He called Reichsfuhrer Hitler "an Austrian paperhanger and a poor one at that," and charged the reich with breaking the concordat with the Holy See.

Cardinal Mundelein

He opened the speech by recalling that after the World war the German government complained of "atrocity propaganda" aimed at German troops by the allied nations. He continued:

"Now, the present German government is making use of this same kind of propaganda against the Catholic church."

"Through its crooked minister of propaganda it is giving out stories of wholesale immorality in religious institutions, in comparison to which the wartime propaganda is almost like bedtime stories for children."

"It will be not only unwise, but cowardly as well, if we take the thing lying down and do not fight back every time the subject is brought up outside."

The vials of Nazi wrath were immediately opened and its press called on the pope to rebuke the cardinal publicly. Der Angriff, personal organ of Dr. Paul Joseph Goebbels, Nazi minister of propa-

ganda, charged the cardinal "spoke in a tone heretofore reserved for the lowest brand of agitators."

The official news agency of the government alleged that "Mundelein defended the crimes of Catholic priests and laymen" on trial in German courts and called on Catholic bishops in Germany to make a reply.

In Vatican City prominent churchmen said Cardinal Mundelein had every right to speak his mind and that the Vatican would not concern itself with the speech, either to defend or to repudiate it. The cardinal's attack seemed to meet with general approval of Catholics, Protestants and Jews in the United States.

Under instructions from Berlin, the counselor of the German embassy in Washington lodged with the United States government an informal protest against Cardinal Mundelein's speech.

HITLER returned to Berlin from his summer house in Bavaria and heard from industrialists gathered in extraordinary meeting that many of them would be unable to continue production satisfactorily because of the shortage of raw materials and skilled labor and the general financial situation. The bad conditions affect especially factories working with rubber, metals and foreign textiles.

WALLIS WARFIELD will become the duchess of Windsor when she is married to Edward, the duke, on June 3 at the Chateau de Candé, near Monts, France. But whether she will be "her royal highness" is at this writing still a disputed question. Edward, through his American friend Herman L. Rogers, has virtually told the world that she will, the New Yorker saying to correspondents: "I think she automatically would be called that."

Mrs. Warfield

It was taken for granted that Mr. Rogers would not have said that without the approval of the duke.

This widens the breach between Edward on one side and the British cabinet and Anglican churchmen on the other. The duke's friends assert that Prime Minister Baldwin and his associates have broken a pre-abdication promise concerning the marriage, and they and the duke are angry because, at the best of the government, no member of the royal family will be present at the ceremony. The announcement of the marriage, issued from the Chateau de Candé, said there would be only a few guests in addition to the witnesses and the servants.

Though the entire controversy seems rather foolish, it appears to mean a lot to the British and it is interesting reading.

NEW YORK asked and obtained from congress an appropriation of \$5,000,000 for its world's fair, with the provision that the money was to be spent by the fair commission. But President Roosevelt vetoed the measure; and in his message he rebuked congress for "an unconstitutional invasion of the province of the executive" in setting up a commission to direct the expenditure.

When the message was read in the house the Republicans roared with laughter and the Democrats, or some of them, raged. Sam McReynolds of Tennessee and John J. O'Connor of New York especially voiced their resentment, and open threats were made to cut down the relief appropriation demanded by Mr. Roosevelt.

The house killed a \$1,250,000 appropriation for a naval air base on the Columbia river in Oregon; and the appropriation of \$5,000,000 for the construction of a national highway through the Blue Ridge mountains in Virginia and North Carolina was attacked. But the latter was saved when Chairman Doughton of the ways and means committee said: "I have it on the highest authority that the President favors it." Incidentally, the highway will run near a large farm Mr. Doughton owns in North Carolina.

PRESIDENT ROOSEVELT sent to the senate a number of State department appointments. Assistant Secretary of State Sumner Welles was nominated for the post of undersecretary of state. Assistant Secretary R. Walton Moore, who vied with Welles for the post of undersecretary, was nominated for the newly created office of counselor of the Department of State.

John Cudahy, former ambassador to Poland, was nominated as minister to the Irish Free State; Alvin Mansfield Owsley of Texas as minister to Norway, and Edwin L. Neville of Ohio as minister to Siam.

KING GEORGE and Queen Elizabeth went aboard the royal yacht Victoria and Albert at Portsmouth and reviewed a tremendous naval parade of 311 fighting and commercial ships of eighteen nations at Spithead. It was a coronation feature, so thousands of official guests and uncounted private citizens also watched the imposing procession of vessels. For these great commercial steamers formed a grandstand. Seventeen nations were represented by one warship each. The battleship New York was in line for the United States.

At night every vessel was brilliantly illuminated and their searchlights crisscrossed the sky as the guests dined and danced.

Before going to Portsmouth the king and queen attended the traditional luncheon at the guildhall in the city of London.

THE tenth anniversary of Charles A. Lindbergh's famous flight from New York to Paris was observed in both those cities, but the hero of the event paid no attention to it. To a questioning friend he said: "I did it. Why should I celebrate it?" The colonel spent the day with Mrs. Lindbergh and young Jon in seclusion at their country home in Kent. Even the telephone was disconnected.

GEORGE L. BERRY, the new senator from Tennessee, has undertaken a difficult job. He announced that he would try to restore peace between the American Federation of Labor and the Committee for Industrial Organization, and that he would ask the President to support his endeavors. Mr. Berry wants an impartial arbitration body to reallocate organizing territory of the two groups, allotting certain mass producing industries to the C. I. O.

While the rival unions in the Jones & Laughlin Steel corporation were voting to see which should be the sole bargaining agent, Philip Murray, chairman of the C. I. O. steel organizing committee, changed his tactics and told representatives of the Crucible Steel Company of America he would agree to a contract similar to that signed last March by steel producing units of the United States Steel corporation and adopted since that time by 120 companies independent of United States Steel. These contracts recognized the Lewis union as collective bargaining agent for its members only.

Republic Steel and Youngstown Sheet and Tube announced their mills would be shut down if pickets surrounded them, and that they would not sign contracts.

Several thousand union workers halted operations of the Studebaker corporation in South Bend, Ind., demanding a closed shop. Three thousand employees of the Aluminum Company of America's plant at Alcoa, Tenn., struck for better pay.

J. HENRY RORABACK, public utilities magnate and for years the Republican leader in Connecticut, shot himself to death at his summer home in South Harwinton, Conn. He was sixty-seven years old and had been in ill health for some time.

As a vice chairman of the Republican national committee, Roraback took an active part in the national campaigns of both Herbert Hoover and Alfred M. Landon. He was the first conservative "old guard" to announce his support of Landon.

DR. JUAN NEGRIN has succeeded Caballero as premier of Spain. He is forty-eight years old, a Socialist and is backed by the powerful Madrid general federation of labor. The key posts in his cabinet have been given to Socialists, and the Anarcho-Syndicalists are left out of the government.

Negrin promptly abolished the superior war council that had been conducting the defense against Franco's forces and turned over direct command of the Spanish government armies to his "win the war" cabinet. He announced his government would maintain "inflexible order" within loyalist Spain.

Gen. Emilio Mola continued his fierce attacks on Bilbao, threatening to destroy utterly the capital of the semi-autonomous Basque government unless it surrendered. He was so near to success that the British government warned British ships in the harbor to leave as soon as possible.

IT WAS officially announced in Russia that forty-four persons, convicted of carrying out espionage and sabotage plots "according to the orders of the Japanese secret service," were executed at Svobodny in the far east. The victims were alleged to be Trotskyists and to have wrecked railroads.

CHRISTIAN X, king of Denmark, and all his subjects celebrated the monarch's silver jubilee in Copenhagen and throughout the kingdom. The festivities were marked by characteristic simplicity but clearly demonstrated the affection the people have for the tall sixty-six-year-old ruler who has been on the throne for twenty-five years. In the gaily decorated capital there was a joint session of parliament, a reception at the palace, a procession through the streets, and a gala dinner and a torchlight parade.

At night every vessel was brilliantly illuminated and their searchlights crisscrossed the sky as the guests dined and danced.

Before going to Portsmouth the king and queen attended the traditional luncheon at the guildhall in the city of London.

Efforts to stop the machine proving futile, Williams attempted to jump but was caught and dragged to the bottom of the hill. The tractor stopped at the bottom of the hill in a ditch filled with water, pinning Williams beneath it. Fellow workers pushed the tractor away and rescued him.

He was brought to Del Rio Wednesday night and treated for injuries. He suffered severe bruises and lacerations of the left leg, his face and back, but none of his injuries were dangerous, it was indicated at the Williams Sanitarium Thursday.

QUIHI QUIZES.

Specially for The Quill.

Quihi, May 27, 1890.

Messrs. Frank Hadenberg and Paul Fisher, of Senior, Bexar county, are in town on a business trip. They are ministering to the health of our people by selling them an herb tea, a "sure cure for all diseases", of course.

Pursuant to announcement, the gun club met near the residence of M. R. Schorobiny yesterday. A liberal quantity of malt and hop extract having been provided, all went merry as a marriage bell. After shooting and drinking at intervals, the club was permanently organized with eleven members. The following members were elected: President, John Houser; Secretary, Henry Breiten; Treasurer, J. N. Breiten. The target shooting was excellent indeed; the members say that they never shot so well before. Most of the bullets hit close to the bull's eye. Mr. Simon Rohlf made two centre shots, consequently he was the lion of the day. Altogether an enjoyable time was had, and R. Gus takes off his hat and shouts, "Long Live the Quihi gun club!"

Mr. John Eckhart, from Bandera county, spent the holidays with his numerous friends in this neck o' the woods, and returned home today.

Mr. Louis Boehle, an old and well-known citizen of Quihi, celebrated his eightieth birthday yesterday, surrounded by a number of relatives and friends. Mr. Boehle is one of the hardy pioneers who did not dread the savage's scalping knife or the privations incident to a colony on the frontier, but who fought the Indians, cultivated the soil, and laid the foundations for the grand future of Western Texas. Later on he fought for the independence of his adopted state, helped free it from Mexican tyranny and oppression, and was ever afterward a progressive and peaceable citizen. His many friends wish that he might yet be spared to them for many a year.

A pleasant hop was given at the residence of Mr. Henry Reitzer last Sunday night. There were just enough present to make it an agreeable, social affair. Dancing was kept up with alacrity, the music being excellent, such as only Henry Reitzer can extract from the accordion. As the beauty of Quihi was fairly represented, it is natural that the boys were happy and in good spirits—not bottled spirits though.

R. Gus was unfortunately prevented from attending the grand ball in Miller's hall at New Fountain which came off last night. Those who attended declare it an unmitigated success. The night was somewhat cool for the season, but it was much appreciated by the dancers. The music was splendid and the supper, ditto. Mr. Henry Poehler as floor manager deserves praise for the efficient manner in which he discharged his duties.

Dull, carping cares were drowned in the cup of pleasure, and mirth and merriment ruled the roost till Aurora lit up the eastern horizon, when the revellers betook themselves to their respective homes.

R. GUS.

Notice of Auction Sale.

I will sell at public sale all my household and kitchen furniture, tools, farming implements and several hogs. Sale at my residence in Hondo at 2 P. M., May 31st, 1890.

GEO. I. WILSON.

The G. H. & S. A. Railway company contemplate the building of a new bridge over the Pecos river which will be the highest bridge in the world. A New York company has offered to put up the bridge free of charge as an advertisement for their establishment.

Messrs. Rhin & Mangold's railroad outfit passed through town Saturday on their way to Castroville from Brackett where they had been grading. They announce that they are now prepared to dig tanks, grade roads, or anything in that line requiring scrapers, plows and teams.

The Quill returns thanks to Mr. Wm. Shaw for a sample of butter from the jersey cow he lately bought. The cow is young, but is now giving three gallons of milk daily. It is of the richest quality and produces a large amount of butter. The butter we received was very rich and firm.

Prof. Woolls' school will close next Friday and the programme for the closing exercises will be very interesting.

Jo. Wilkey will ship five double deck car loads of sheep to St. Louis tomorrow. John is now extensively and exclusively engaged in the sheep business.

Dr. J. K. Moeur has received a physiological manikin giving the parts that compose the human system. It is gotten up in such simple style that it is easily studied and understood. The Doctor is now busily engaged in unearthing the mysteries of the human system and viewing scenes experienced in college days.

ANNOUNCEMENTS.

PUFFS—The Quill will make it a rule not to puff any candidate for office, but it will simply call attention to announcement. Any other notice or communication favoring any candidate will be charged for at the rate of 10 cents per line.

FOR SHERIFF

P. B. Galbreath is hereby announced as a candidate for the office of Sheriff and Tax Collector of Medina county at the general election to be held November 4th.

COUNTY JUDGE

We are authorized to announce H. B. Taylor as a candidate for the office of County Judge of Medina county at the ensuing election. If elected he promises to discharge the duties of the office impartially.

The above items were taken from The Hondo City Quill of May 30, 1890—just 47 years ago. The authorship of the article by R. Gus is claimed by our fellow-townsmen, Judge L. J. Brucks,—with the stipulation that he was a very young man at that time—and announces the formation of the Quihi Gun Club which just celebrated its anniversary on Sunday, May 15th.

It will be noted also that politicians had begun to stir early, but in this instance being early birds avoided nothing for we understand that both aspirants were defeated.

The Quill must have folded its wings soon after this issue, which is No. 18 of Volume I, for history records that it lived a very short life—in fact, it never reached the "quill" stage but passed out before maturing its "pin-feathers." This copy, preserved by accident and discovered the same way, is probably the only copy left in existence, and it is all but forgotten. No one seems to know what became of the plant or where its editor drifted to when he shook the dust of Hondo from his feet.

Such are the mutations of time; so brief is fame!

RUSSIA SCENE OF COLONIAL FILM.

The epic adventures of Jules Verne's Michael Strogoff, courier of the Tsar, are related in the melodramatic drama, "The Soldier and the Lady", coming to the Colonial Theatre Wednesday and Thursday. The show is thrill action entertainment of display of military might and ferocity, romance, drama, intrigue, cruelty, sacrifice and despair, against a Russian background. The cast includes Akim Tamiroff, Anton Walbrook, Fay Bainter, Margot Grahame and Elizabeth Allen in impressive roles. Comedy antics are furnished by Eric Blore and Edward Brophy.

THE WAY OF SALVATION.

By Rev. J. T. Horger.

NO. 32.

In our last article, we discussed the two distinct priesthoods of the New Testament church, consisting first of the regenerate phase, and second of the sanctified phase of the church, just as it should be in every denomination in the world. See I Pet. 2:9. And now in I Pet. 3:15, we read: "Sanctify the Lord God in your hearts." Every Spirit-born soul has the Lord God in the person of Christ in their heart, and Peter is exhorting to the last remains of the Adamic sin, which also enthrone the endowment of the Holy Ghost which prepares the soul for service. "And be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear." So being spiritually prepared, he admonishes that they testify to the grace of full salvation, everywhere, at all times, under every suitable opportunity in life.

Then in I Pet. 4:1-3, "For as much then as Christ hath suffered for us in the flesh, arm yourselves likewise with the same mind." That is, to undergo a corresponding suffering with Christ, which include all manner of cross-bearing, but especially the suffering of the crucifixion of the carnal mind—the "old man". "For he that hath suffered in the flesh hath ceased from sin; that he no longer should live the rest of his time in the flesh to the lusts of men, but to the will of God." Just a moment's reflection by the reader will lead to the realization that no human suffering ever causes the cessation of sin except the suffering of the crucifixion of the carnal mind, consumed by the baptism with the Holy Ghost and fire. Yes, there are many means of grace which tend to develop Christian character, but all of them aside from the baptism of the Spirit, can't equal the all prevailing, thorough, and indispensable baptism with the Holy Ghost and fire, which God has ordained for the perfecting of the saints. "For the time past of our life may suffice us to have wrought the will of the Gentiles—the unconverted—"when we walked in lasciviousness, lusts, excess of wine, revelling, banqueting, and abominable idolatries." Yes, as I see it, the above puts out the church suppers, the donkey parties, the Tom Thumb weddings, and a host of other carnal, revelling festivities of a worldly and ungodly nature, too often indulged in by those professing Christianity.

I Pet. 4:12-13, "Beloved think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you." History and Christian testimony bear record that it is more or less common with those who are truly sanctified, that after the overwhelming peace and joy of the event, that within the next few weeks or months there comes some of the strangest, strongest, and most satanic-like temptations they were confronted with before. I think, perhaps, the above quotation refers to that peculiar dreadful form of temptation. It is a scriptural fact that God does not permit His merely regenerate children, because of their lack of spiritual strength, to be too sorely tempted of the devil. The Scriptures state that God will not permit us to be tempted above that we are able to bear.

We go to I Pet. 4:17-18, "For the time is come when judgment must begin at the House"—or church—"of God." First, the entire race has been judged and found guilty before God. And second, those who acknowledge their guilt, repent and turn to God, confessing their sins, are forgiven, and adjudged by God as righteous through the merits of Christ. "For we are his workmanship created in Christ Jesus unto good works, which God before ordained that we should walk in them." Eph. 2:10. Note, we are saved by grace, called to walk in righteousness by the powers of His Spirit, but God by the standard of righteousness judges us; and if we constantly submit to His judgment, correcting and ordering our lives through grace, by the standard, we will not be condemned, but approved, at the Judgment Seat of Christ. Then follows: "And if judgment begin at us, what shall the end be of them that obey not the Gospel of God?" They will be lost, being already condemned and continuing disobedient. Then Peter restates the matter, changing the words as follows: "And if the righteous scarcely be saved, where shall the ungodly and sinner appear?" The "righteous" above named refer to the merely justified, those only regenerated and born of the Spirit. Such are the only ones "scarcely" saved. For instance, Jesus spoke of having life, and having it more abundantly. John 10:10. And the expression "Where shall the ungodly and sinner appear?" We answer, the Scriptures say we shall ALL appear before the Judgment Seat of Christ; and he shall say unto them on the left, "Depart from me, ye cursed, unto everlasting fire, prepared for the Devil and his angels." Again: "These shall go away into everlasting punishment." And again: "And whosoever was not found written in the book of life was cast into the lake of fire." The above quotations tell where the ungodly and sinner shall appear.

Peter turns again to the Christian life. I Pet. 5:10 "But the God of all grace, who hath called us unto his eternal glory by Christ Jesus, after ye have suffered a while, make you PERFECT, stablish, strengthen, settle you." Note that no matter what other suffering we may undergo, the suffering of the crucifixion of "the old man" must be before the soul can be reckoned by God as perfect; therefore, the suffering referred to in the above must have included the suffering of the crucifixion of the carnal affections. 2 Pet. 1:4-8, "Whereby are given us exceeding great and precious promises; that by

these ye might be partakers of the divine nature, having escaped the corruption that is in the world through lust." That is, the lust of the fallen proclivities of a sinful heart, more than the natural lust of the body. "Having escaped the corruption" evidently refers to their conversion. And of all the "exceeding great and precious promises", "the promise of the Father" stands out head and shoulders above all others, for it is the baptism with the Holy Ghost and fire which goes further in actual partaking of the divine nature than all other promises put together, after we have been truly born of the Spirit.

So Peter proceeds: "And besides this, giving all diligence, add to your faith, virtue." That is, the power of the Holy Ghost. "And to virtue knowledge"; then temperance, patience, godliness, brotherly kindness, charity. "For if these things be in you and abound, they make you that ye shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ." Then 2 Pet. 1:11 says: "For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Savior Jesus Christ. Note, this is not the merely righteous mentioned in I Pet. 4:18, who are "scarcely" saved, but those who having escaped the corruption that is in the world through lust, and then, as we interpret, have added virtue—the power of the Holy Ghost—and then the several other graces that followed, thus obtaining an abundant entrance into the everlasting kingdom. Lot and Abraham are the two most striking illustrations of the two states of grace, the merely regenerate represented by Lot, his life, his posterity, the Moabites and Ammonites and their divine obliteration on the one hand; and Abraham, representing the sanctified, Spirit-filled Christian, with his life, his posterity, Isaac, Jacob, the twelve patriarchs, Moses, the Bible, Jesus our Savior, whose children now inhabit the civilized world and will largely populate heaven, because he WHOLLY served God.

STEPS TAKEN TO ORGANIZE A NEW BANK HERE.

About twenty leading business men of Devine, including several from Natalia, met at Adams National Bank building, upstairs, last Wednesday afternoon to meet Mr. J. H. Bain, president Stockdale State Bank, and discussed a proposition for a \$25,000. state bank for Devine.

J. T. Lilly, secretary chamber of commerce, presided over the meeting and introduced Mr. Bain, and the several business men present, practically every business house in Devine being represented, with Mr. Bernard Brown, of the Devine Creamery and Cheese Factory, and Mr. F. E. Griggs of the Natalia Canning Co., Mr. Bain said with such a group of business men showing such marked interest he felt like we can do anything we wish in this line; said he and his son would take 55 per cent of the stock and act as two of the seven directors needed. He also said, if there is need of more ready cash, where men will take stock and qualify as directors, he could find the necessary cash for this. A committee of seven men were appointed after hearing Mr. Bain, discuss his ideas of a bank and how it should be conducted, the committee named are W. S. Lilly, F. E. Griggs, G. D. Whitfield, M. E. DuBose, C. R. Thompson, Al Blatz, and H. W. Eschenburg. It is believed that four of the seven men needed to take \$1,000 each of the stock, have been found,

and the committee will meet with Mr. Bain again this week, and proceed to try to secure subscription for the \$10,000. or more needed to make up the required stock. Several men expressed the idea that Devine would lose much of our prestige and business if we do not get a bank going before fall. Mr. Bain comes highly recommended by San Antonio bankers, who were quoted in the meeting. He has been in the Bank business in Stockdale for many years and for a while in South San Antonio, which bank he sold some time ago.

BANK SEEMS ASSURED.

Up to Tuesday noon seven men have been found who will take sufficient stock to qualify as directors, and two or three others are considering signing on the dotted line; the committee is still at work. Every property owner about Devine, who is interested in the ongoing and welfare of the town should sign up for one or more shares. It is hoped that a charter can be secured and the bank organized by July 1st; ready for the fall harvest.

The following local men we understand, have signed for ten shares each; W. S. Lilly, C. R. Thompson, H. W. Eschenburg, A. M. Patterson, F. E. Griggs, H. Allie Ball. Either or all of these may qualify as directors. Application for charter is being prepared and it is hoped the bank may be going by July 1st.

D'HANIS, TEXAS, WEDNESDAY, MAY 26, 1937

D'HANIS CELEBRATES NINETIETH ANNIVERSARY.

Under the auspices of the D'Hanis Fort Lincoln Historical Association, this community observed the ninetyeth anniversary of its establishment on Wednesday, May 26, with an all-day celebration.

The observance opened with the solemn dedication of a monument presented to the town by the State of Texas and which had been erected near the ruins of St. Dominic's Church at Old D'Hanis. The scene on this morning was impressive and picturesque, with the old ruin and its churchyard of decorated graves in the background, and hundreds of descendants of those buried there gathered to do them honor.

A group of the American Legion of Uvalde formed a guard, with the colors flying, about the monument, while on the speakers' platform, Mr. J. P. Ephraim, chairman of the celebration, introduced Mr. Stone of the San Antonio Chamber of Commerce as master of ceremonies. Judge H. E. Haass of Hondo, who was instrumental in procuring the Old D'Hanis monument, was the first speaker, and his review of the settlement of the town was very enlightening, being sustained by actual records. He explained the origin of the town's name, and gave a roll of its first settlers. Then he read an interesting extract from the journal of Father Domenech who told of his visits to D'Hanis in its infancy, when he was a Catholic missionary in this part of Texas. Facts relating to the erection of the church were also given.

The dedication speech was delivered by Mr. Herman H. Ochs of San Antonio, known far and wide for his eloquence. His was a highly inspiring discourse, a worthy tribute to the pioneer forefathers who settled D'Hanis, as well as other parts of the State. He made a plea to the present generation of American citizens for the principles upheld by their ancestors in place of the struggle for self-aggrandizement, and concluded with a prayer to the Almighty for strength to be worthy of such ancestry.

After a tribute in which he made mention of the seven men of D'Hanis who made the supreme sacrifice during the World War, Legionnaire Williams of Uvalde ordered the squad to fire a salute.

Miss Clara Batot, a great granddaughter of Jean Batot, the first settler of D'Hanis, drew a cord which unveiled the monument.

The Old D'Hanis part of the celebration was planned by a committee under Mr. O. J. Reinhardt.

At 10 o'clock a parade filed past the church grounds and continued through D'Hanis one mile to the west. It was led by the standard bearers, Clements Finger and George Ilse, accompanied by Sheriff Schuehle and Joe Gross as marshals. They were followed by Mr. and Mrs. F. J. Carle in a decorated car for the Publicity Chairman, and the brass band of the Lytle High School, which proved a colorful attraction. Next came a line of cars each carrying a number of descendants of the following original families of D'Hanis: Batot, Deckert, Finger, Grossbacher, Karrer, Ludwig, Marrell, Ney, Ney, Rudinger, Schreiber, Schumacher, and Wipff.

Among the artistic entries were the float from Castroville depicting a Medina River boat, the D'Hanis Chamber of Commerce car, and the Commissioners' Court; organizations represented were the D'Hanis P. T. A., the E. F. A. of Hondo and of D'Hanis, the Granges of Knippa and of D'Hanis, the Castroville Chamber of Commerce, the American Legion of Hondo. There were special cars for Rev. Eugene Zuber, for Mr. Valentine Nester, the county officials, and the D'Hanis school board. St. Anthony's School entered a group of strollers, while the D'Hanis High School bus carried pupils of that institution. Cowboys and cowgirls were there, and every business house of D'Hanis as well as many of Hondo were represented. A patriotic entry and two comical cars—Castroville flappers of 1892 and Amos n' Andy (Hondo)—completed the parade, which was planned by Mrs. A. J. Boog and her committee.

At 11 o'clock a barbecue picnic was enjoyed at Fort Lincoln, where approximately 1600 meals were sold, according to Mr. A. J. Finger, chairman of the Food Committee.

During the afternoon a rodeo and a keno stand furnished diversions, while the crowd was again entertained by the Lytle Band. Mr. W. N. Saathoff spoke to the audience, dwelling on topics relative to pioneer life and to education.

The street dance in the evening, which was attended by a great number of people, was opened with a grand march led by Mr. and Mrs. Frank X. Wolff, and lasted for several merry hours.

As it would be impossible to enumerate all the visitors attending this celebration, we can only say that it was a day on which many former citizens of D'Hanis as well as many other friends, old and new, met and enjoyed the various entertainments prepared for them.

Besides the committee chairmen mentioned above, others who worked for the various projects were: Mr. A. J. Boog, chairman of Grounds Committee; Mr. Louis Carle, chairman of the Finance Committee; and Mr. Hilmar J. Koch of the Rodeo Committee. Each chairman was aided

ed by a group of able assistants, too numerous to mention.

D'HANIS THE ONLY TOWN WITH TWO MONUMENTS.

Interested persons communicating with headquarters at Austin have verified the fact that D'Hanis is the only community in Texas which received two Centennial monuments from the State. This town, therefore, must be considered of unusual historic merit, as records are sifted thoroughly by the Historic Commission before designating any spot for such markers as are found at Fort Lincoln and at Old D'Hanis. On the latter the inscription reads as follows: "Town of D'Hanis, now known as Old D'Hanis—Established in 1847 by 29 families under the leadership of Theodore Gentzil, representing Henri Castro (1781-1861), distinguished pioneer and colonizer of Texas who introduced the early settlers of Medina County—Named in honor of Guillaume (William) D'Hanis, manager of the Colonization Society—When the Southern Pacific railroad missed the town, its citizens moved to the present D'Hanis."

DETECTORS.

By Clayton Rand.

More and more the lie-detector comes into common use—that electrical invention which registers the truth when one attempts to dodge it.

Wouldn't it be a fine thing if somebody would invent something that would spot the thieves? Take what a "steal-detector" would be worth to local, state and federal governments alone.

There is in Washington a so-called "conscience fund"—ever once in a while somebody sends in a few dollars he stole from the government. Up to now there is only \$600,000 in it, and everybody knows some one steals more than that from the government every day.

Somebody ought to invent a "steal-detector" and run for Congress on it. It would do more to save the country than a whole flock of post offices and fish hatcheries, and would do more good than cash registers to keep clerks honest.

SOWING THE WIND.

It is a peculiar weakness of the present day in America to follow the flouting of one law not by its enforcement but by the enactment of another law.

As a consequence, we have more law and less obedience to the law than any other people on the globe; more government and more government expense and less real protection from government than is safe for any people.

For instance, the Federal government and forty-eight state governments are concerning themselves at the present time about the sit-down strike.

And while citizens are denied the protection amply provided by the laws we have, you can look for the enactment of a lot of half-baked and inconsidered statutes, to be still further flouted by both sides to the controversy.

How can respect for law be expected of any one when all see it openly disregarded by enforcement officers for the benefit of favored classes?

Fewer laws and better observance of the few is what this country stands sorely in need of at the present moment.

It is good old Anglo-Saxon law that a man's house is his castle on which premises none may trespass. He who violates that principle is a law-breaker, a criminal.

If a man's home is his castle and

sacred against invasion or trespass, it follows that the workshop by which that home is sustained is entitled to the same protection of the law.

You cannot do violence to that which sustains the house without violating the house.

The first purpose of an organized society is to protect the individual in the enjoyment of his rights.

When the mob renders the individual incapable of defending individually his own rights, organized society—government—owes it to all to act promptly and decisively in the protection of those rights.

Is the government so acting in the epidemic of sit-down strikes that is sweeping over the country like some foul pestilence?

Not so as any one can tell it! And in its dereliction of duty government is sowing the seeds of revolution.

Wholesome laws in the first place, and a consequent cheerful compliance with them, is the only certain safeguard to the permanent peace of any country, and with that peace the safety of life and property.

Just laws and fair and impartial enforcement of them is the prerequisite of any orderly society.

To be just laws, laws must conform in all respects to moral law; and all fair compliance must follow the golden rule of respecting the rights of others as you would have others respect your own.

Labor needs to learn the simple lesson that no man or organization of men owes another a job, or is under any rightful obligation to retain him in a job unless he is rendering the service for which he is hired.

In other words, capacity to render service and service rendered is the sole right by which labor can claim a job.

By the same token, a man has the right to transfer his service elsewhere, as suits his wishes.

But when he ceases to render service he relinquishes his claims to any right to hold the job.

When he sits down beside it, he becomes a trespasser and should be dealt with as any other trespasser.

There is plenty of law already for that.

Enforce it!

When he loiters around the premises where he no longer has business, seeking to influence or intimidate others who would work or harass employers, he is a nuisance.

He should be dealt with as the law directs for abating nuisances.

But it is not being done!

Enforcement officers, on the contrary, are playing politics with the lawless element.

Politicians, because they are politicians, will continue to play politics by enacting more needless laws to cavil over instead of enforcing the ample laws we already have.

Meantime, time alone will tell how much longer this country can go on at its present rate of sowing the wind before shall come the day of reaping the whirlwind such as we see in Spain today!

Speaking before an assemblage of the Galveston bar recently, Senator Holbrook gave utterance to these timely and wholesome thoughts: "I sometimes think that we have seemingly reached a place in our nation's history, where the people are ready to abandon those fundamental ideas in which our government had its birth, and are seeking to substitute experimental theories, whose very speciousness in promise generally proclaim their worthlessness in practice. We seem near at the point where the power of government is becoming the chief dependence of our national life; and that elder faith in the capacity of the people to control within the sphere of individual life and action most of the things

Years ago the County provided a dumping ground for tin cans, dead animals and other refuse. It has now come to our notice that some parties are throwing their trash into the streets instead of depositing it at the proper place. The law provides a heavy penalty for this violation so

which concern them, is largely supplanted by statutes whose infinite variety will be marked by the future historian as one of the wonders of all the ages. Happily for the American people, the judiciary, up to this date, has been loathe to adopt these innovations.

To it, constitutional government on these shores is not the product of a day, for temporary use, to be altered or disregarded at the whim or caprice of a mad majority, and later adapted at will to the mood of the hour. It represents something more than an established institution to them. It embodies the spirit of a race, with a rare courage, which defied the power of despotic kings, and faced the terrors of dungeon walls, that men might be free."

—Oo—

The matter of chief concern before the Texas Legislature seems to be finding new sources of taxation; that of Congress at Washington, new occasions for spending the people's money. Meantime, deficits grow at both places, the people beg for more government favors and less taxes in the same breath, and the theory that the king can do no wrong grows merrier apace. We are headed for the time when all will goose-step to and from our work and lay our earnings in the common fund and receive our own meagre dole at the will and pleasure of the Master—or will it be the last roundup? Anyway, little doxies, we are gittin' along!
